EDUCATION

2017-2021
Jawaharlal Nehru Technological University Hyderabad, India.

- Bachelors of Technology

SKILLS

- Vue.js, Angular9+, React.js
- JavaScript, Node.js, Express.js
- Redis, Vuex, LRU-Cache, NgRx
- MongoDB, MySQL, Postman
- Bootstrap, Vuetify, CSS
- GIT- Version Control
- Team Work and Time Management

ATTACHMENTS

- MTA: Introduction to Programming using HTML and CSS – Certified 2020 (Microsoft Certification ID: wLVcaH9ad)

- Certified with Oxford English Course (ID: MRCET/OAHE/2018-2019/17N31A0561)

PROFILE

Passionate and results-driven MEVN and MEAN stack developer with over 4 years of experience. I excel in delivering customized software solutions, specializing in HRMS projects that set new standards for user experience. With a keen eye for details, I optimize complex code structures for efficiency and maintainability. Committed to innovation in dynamic software engineering environments, I consistently exceed client expectations.

WORK EXPERIENCE

Nathan Digital | Dubai, UAE   **2022 - Present**

Full Stack Developer

- Customizing software solutions to precisely match client requirements fostering tailor-made experiences.
- Empowering clients with automation tools for easy use and minimal coding reducing on technical expertise.
- Seamlessly integrating security protocols without disrupting overall functionality.
- Implemented a sophisticated connection pool system with **LRU-CACHE**, ensuring seamless multi-database interaction and minimizing code redundancy.
- Actively identifying and simplifying complex code for improved efficiency and maintainability.
- Ensuring software security and operational reliability through robust security protocols.
- Proficiently delivering projects using the MEVN Stack (**Vue.js, Node.js, Express.js, MongoDB, Redis, NPM Packages and Vuetify**) for optimal performance and robust solutions.

Instacks Ltd. | Hyderabad, India   **2020 - 2022**

Frontend Developer

- Developed and maintained modules for a PaaS and E-learning platform.
- Provided responsive UI to the end-user, improved code optimization and focused on **redis** implementation.
- Implemented login module including forgot password approach to the user using **JWT** concept.
- Technology Used: MEAN Stack (**Angular 9+, Node.js, Express.js, HeidiSQL, RestAPI, GitHub, Postman, Redis, Lodash**).
